CLASS OF 2023

COMMENCEMENT SPEAKER AND HONORARY DEGREE RECIPIENT BLAISE J. ALEXANDER

This year's commencement speaker, Mr. Blaise Alexander, is the founder and owner of The Blaise Alexander Dealerships, a network of 22 auto dealerships across the state of Pennsylvania. He is also the founder and owner of Auto Trakk, an auto finance company that operates in 12 states and Puerto Rico.

Mr. Alexander is also known for his extensive involvement in philanthropic causes, particularly those that benefit children, community health and education. He is a longtime supporter of Indiana Tech, having established the Study Abroad Scholarship and serving as a leading contributor to such initiatives as the Building a Century of Excellence Comprehensive Campaign and the Theta Xi Fraternity-Kappa Delta Chapter Scholarship fund.

Beneficiaries of Mr. Alexander's support also include the St. Joseph Center of Special Learning of Pottsville, Pennsylvania; the Susquehanna Health Foundation; the First Community Foundation Partnership's Raise the Region initiative, which benefits more than 300 non-profits in central Pennsylvania; the James V. Brown Library Children's Wing; Bucktail Medical Center of Renovo, Pennsylvania; and many youth sports programs. He is a longtime supporter of Pennsylvania College of Technology's Scholarship Fund and the school's automotive programs.

In addition to his support of students at Indiana Tech and Pennsylvania College of Technology, Mr. Alexander and his children established the Anne and Blaise Robert "BR" Alexander Memorial Scholarship Fund in memory of his late wife, Anne, and his son, Blaise Robert. The fund awards scholarships to graduating seniors of Montoursville and Mount Carmel Area high schools in Pennsylvania—BR and Anne's alma maters, respectively. Mr. Alexander attended Mount Carmel as well, followed by Indiana Tech, where he studied mechanical engineering.

CLASS OF 2023
WELCOME TO THE
INDIANA TECH ALUMNI ASSOCIATION

Congratulations on earning your Indiana Tech degree! You've worked hard for this important achievement, and everyone in the Warrior family is proud to welcome you to a group that has a long and illustrious history: Indiana Tech alumni.

As you take your next steps into a bright future, you'll find Tech alumni engaged in careers and communities across the country and around the world. These fellow Warriors make up a network that provides lifelong support and friendship to one another, which, in turn, helps make Indiana Tech a strong and thriving university.

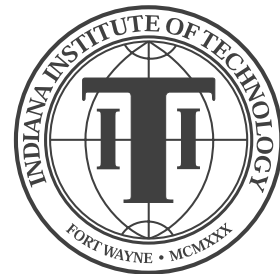

I encourage each of you to remain active in the Warrior community, whether by joining us for Homecoming celebrations, volunteering your time and talents to help students, or attending alumni events designed to keep our community connected. Keep in touch with all the news at Indiana Tech by frequenting Alumni.IndianaTech.edu and following us on social media.

I hope you'll keep us up to date on all that is new with you in the years to come. The Office of Alumni Relations is your point of connection for maintaining your relationship with Indiana Tech. In addition to our web and social media channels, you can reach me at alumni@indianatech.edu and 260.399.2837.

Congratulations once again!

Kristi Jarmus
Director of Alumni Relations

ALMA MATER

Hail to thee, our alma mater.
Hail to thee.
Each hand and every heart.
Our pledge will ever be.
Sing now together.
Sing her name out loud.
In joys and tears,
for coming years,
sing it strong and proud.
All hail Indiana Tech,
All hail to thee.

Original lyric and composition by: Meridith Willson
Revised lyric and composition by: Darius D. Darling

MISSION

Indiana Tech provides learners a professional education; prepares them for active participation, career advancement, and leadership in the global 21st century society; and motivates them toward a life of significance and worth.

OUR JUST CAUSE

We seek to empower every person in the world to increase their knowledge, build their skills, reach their fullest potential and positively impact their community.

CORE VALUES

Indiana Tech recognizes and adheres to the following core values:

- **Respect:** Treating all stakeholders fairly and equitably
- **Commitment:** Affirming an unceasing dedication to educating the whole learner
- **Honesty:** Demonstrating truthful behavior in an open environment
- **Passion:** Possessing a burning desire to fulfill our purpose, mission, and vision
- **Integrity:** Behaving consistently with mission and core values
- **Belonging:** Welcoming all to our community and encouraging all voices to be heard

The university's core purpose is to provide career-focused, professional programs of higher education.

OUR COMMITMENT TO DIVERSITY AND INCLUSION

Indiana Tech intentionally embraces diversity and equal opportunity. We are committed to the recruitment, engagement and retention of students, faculty and staff who represent a variety of identities, backgrounds, perspectives, and skills. We believe that diversity and inclusion among our entire campus community is critical to the education and advancement of our students in becoming global citizens.

CLASS OF 2023

THE TRADITION OF ACADEMIC COMMENCEMENT

Graduate Degree Hoods

In antiquity, the first educational degrees were probably conferred at a general gathering of the student body. As early as 500 B.C., the medical school at Athens, Greece, for example, awarded inscribed lead plates at a formal degree-granting ceremony. Parchment diplomas eventually replaced lead plates, and graduates may have received degrees written on a sheepskin parchment as early as 848 A.D.

Master's degrees and doctoral degrees were awarded by medieval European universities. The first recorded baccalaureate degree was given by the University of Paris in the 13th century. Originally, the degree was a license to teach.

In America, the colonists used the European universities as models for the schools which they founded, and European graduation traditions were adopted. The first American college was Harvard College, founded Oct. 28, 1636. The first Bachelor of Science degree was conferred by Wesleyan University (Connecticut) in 1838; the bachelor's degree now is the standard American degree which signifies completion of a four-year degree program.

All degree candidates, college officials, faculty and dignitaries are attired in traditional medieval cap and gown. Black is the standard gown color; however, commencement participants are entitled to wear distinctive tassels on their caps or hoods of various colors over their gowns.

The colors allocated to the various fields of learning have been largely standardized in the United States by the Intercollegiate Bureau of Academic Costume, and accepted by the American Council on Education in its Academic Costume Code. The codified colors associated with Indiana Tech's different academic disciplines are:

Doctor of Philosophy in Global Leadership..... Royal Blue
Master of Business Administration Drab
Master of Science in Engineering Management Orange
Master of Science in Management Drab
Master of Science in Marketing..... Drab
Master of Science in Organizational Leadership..... Drab
Master of Science in Psychology..... Old Gold

Honor Cords

Indiana Tech recognizes three levels of outstanding academic achievement by undergraduates when a degree is earned. The level of distinction is indicated on transcripts. These students are wearing gold honor cords.

***Summa Cum Laude (with greatest honor) GPA of 3.90 and above

**Magna Cum Laude (with great honor) GPA of 3.70 and above

*Cum Laude (with honor) GPA of 3.50 and above

Alpha Chi Honor Society

Region V, Indiana Lambda, Chapter 279

Alpha Chi is a national coeducational academic honor society for all disciplines. Since 1922 its purpose has been to promote academic excellence and exemplary character among college and university students and to honor those who achieve such distinction. Membership is limited to the top 10 percent of juniors and seniors and requires confirmation by faculty. The Indiana Tech chapter began in 1986 and holds an induction ceremony for new members each fall. Honorees wear medallions with sapphire and green ribbon.

Military

Red, white and blue cords signify military service.

Cords, Medallions, Sashes, and Stoles

Many nationally recognized honor societies and student organizations designate academic achievement with cords, stoles, and/or medallions. For example, many international graduates are wearing stoles that represent the colors of their nation's flag.
